

# ASSURED LIVING

LIVE HOW YOU  
WANT TO

# WHERE THE HEART IS

This is your home, the home that you spent so much of your life building; the result of your hard work, your time, and your dreams.

The home where your loved ones' laughter still echoes, where you've felt safe and secure all your life, and where you return to again and again to find peace and comfort.

From the hallways full of memories to the rooms full of laughter, home is a place you want to cherish. Not leave. Now is the time to make the most of it... to truly enjoy this phase in your life and continue to chase your dreams and passions from the comfort of your own home.

# EMBRACE YOUR FREEDOM

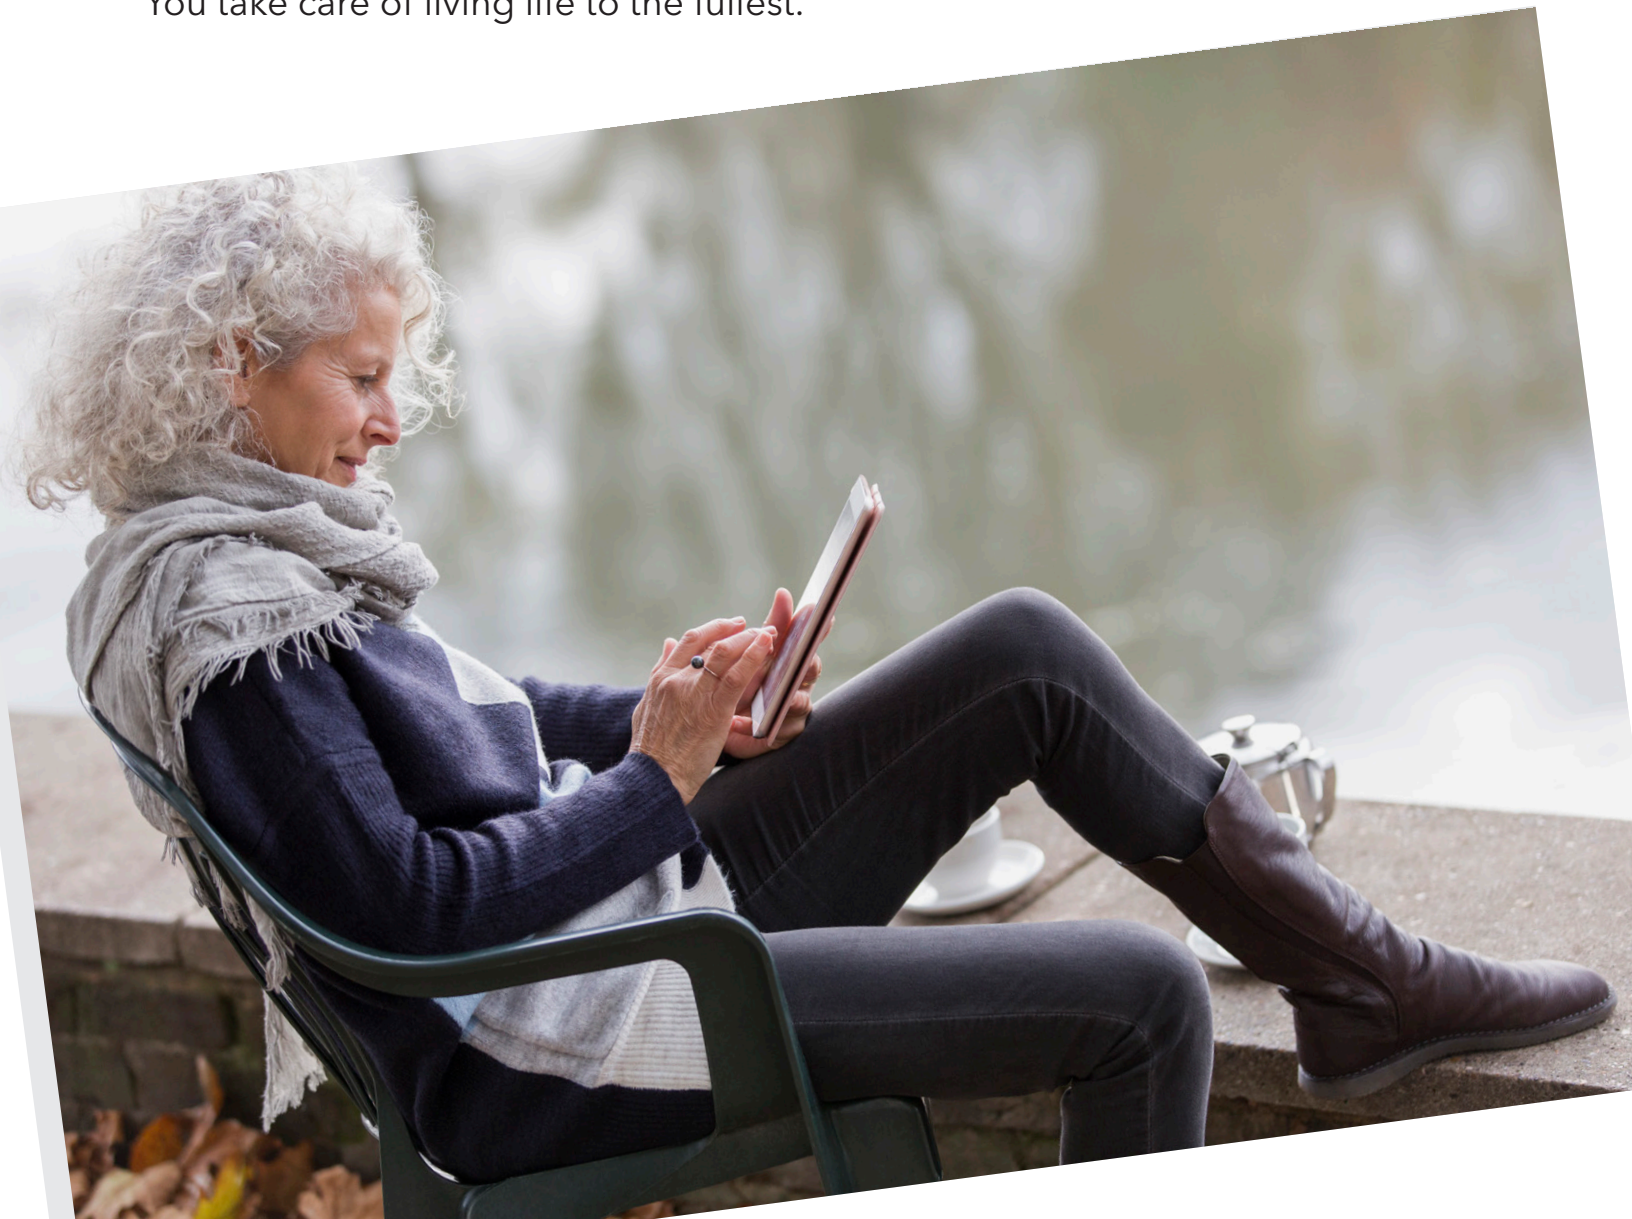

Take up a new hobby. Work on your golf swing. Go on a cruise.  
Lounge on a faraway beach and soak up the tropical sun.  
Or curl up with your favourite book.

Now is the time to embrace your freedom and truly do what you want.

But we know that there are some challenges you may face along the way, which is why we're excited to bring you Assured Living.

Our program gives you and your loved ones peace of mind by offering solutions to some of your most common worries. We'll take care of reminding you to take your medicine, to keep your doors locked, to make sure you are staying active, and more.

You take care of living life to the fullest.

# STAY CONNECTED

And you don't have to do it alone. Assured Living means you can stay connected with your loved ones even when they are not nearby, giving them the assurance of knowing you are well and they can still help from a distance.

As part of Assured Living, you have access to the Bayshore Nurse Concierge program, connecting you to a nurse who specializes in healthcare.
