**June is "Brain Injury Awareness Month":**

➤ **Friday, June 14, 2019**

**"Working for the Same Client!"** All parties working together with open communication and accountability is the key for rehabilitation success. A Personal Injury Lawyer and an Insurer will host an **informal chat** on collaboration and problem solving to ensure maximum rehabilitation recovery within the limits. They will discuss the criteria for reserves; address the Tort process; how to resolve differences; general SABS and legal rules and a perspective from different lens to ultimately achieve the best outcome for the client.

➤ **Thursday, June 27, 2019**

**"Building a Bridge":** What options exist when the system fails your injured clients? You will learn how rehab providers can provide value-added service to their clients by introducing alternative funding options when traditional options are unavailable or denied. Learn how third party treatment financing arrangements can make all the difference to your clients and help keep them in therapy when they need it the most. We will also discuss tools available to assist lawyers in securing insurer funding instead of protected accounts and how the rehab team plays an important role in this process.
